B. HOW COULD MY CHILD GET HELP IN SCHOOL?

Children in school will get support that is specific to their individual needs. This may be all provided by the class teacher or may involve:

- Other staff in the school
- Staff who will visit the school from the Local Authority central services such as the ASD Outreach Team or Sensory Service (for students with a hearing or visual need)
- Staff who visit from outside agencies such as the Speech and Language Therapy (SALT) Service.

	Types of support provided also showing the stage of the Code of Practice (the document that schools use to plan their SEN and/or disabilities input) children will be at when receiving this input.	What would this mean for your child?	Who can get this kind of support?
What are the different types of support available for children with SEN and /or disabilities in this school?	Class teacher input via good/outstanding quality first classroom teaching.	<ul style="list-style-type: none"> ● The teacher will have the highest possible expectations for your child and all pupils in their class. ● All teaching is based on building on what your child already knows, can do and can understand. ● Putting in place different ways of teaching so that your child is fully involved in learning in class. This may involve things like using more practical learning or providing different resources adapted for your child. ● Putting in place specific strategies (which may be suggested by the SENDCo or staff from outside agencies) to enable your child to access the learning task. 	All children in school receive this.
	Specific small group work. This group may be: <ul style="list-style-type: none"> ● Run in the classroom or outside. 	<ul style="list-style-type: none"> ● Your child’s teacher will have carefully checked on your child’s progress and will have decided that your child has a gap in their understanding/learning and 	Any child who has specific gaps in their understanding of a

This may be from:</p> <ul style="list-style-type: none"> • Local Authority central services such as the ASD Outreach Team or Sensory Service (for students with a hearing or visual need) • Outside agencies such as the Speech and Language therapy (SALT) Service, School Counsellor. 	<p>Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs better.</p> <ul style="list-style-type: none"> • The specialist professional will work with your child to understand their needs and make recommendations, which may include: • Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better. • Support to set targets which will include their specific professional expertise. • Your child's involvement in a group run by school staff under the guidance of the outside professional e.g. a social skills group or sensory circuit. • A group or individual work with an outside professional. • The school may suggest that your child needs some agreed individual support or group support in school. They will tell you how the support will be used and what strategies will be put in place. 	
	<p>Specified Individual support for your child, as a guide, 20 hours or more, in school. <i>This is provided via an Education, Health and Care Plan (EHCP).</i> This means your child will have been identified by the class teacher/SENDCo as needing a particularly high level of individual and small group teaching (as a guide, 20 hours or more, in school),</p>	<ul style="list-style-type: none"> • The school (or you) can request that the Local Authority carry out a statutory assessment of your child's needs. This is a legal process and you can find more details about this in the Local Authority (LA) based Local Offer, on the Royal Greenwich website: www.royalgreenwich.gov.uk • Your child's school/setting will have been putting together a profile of your child's aspirations and needs over time and you will have been involved in Team around the Child (TAC) meetings as part of this process. This may be from:</p> <ul style="list-style-type: none">• Local Authority central services such as the ASD Outreach Team or Sensory Service (for students with a hearing or visual need)• Outside agencies such as the Speech and Language therapy (SALT) Service, Occupational therapy service, Physiotherapy and/or CAMHS	<p>other professionals involved, and decide if it would be helpful to apply for a statutory assessment, and agree any additional information and evidence that should be included from you, other involved professional and them.</p> <ul style="list-style-type: none">• After the school have sent in the request to the Local Authority (with a lot of information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided), seem complex enough to need a statutory assessment. If this is the case they will look at the advice submitted and ask you and any other professionals involved with your child to write a report outlining your child's needs, if this is not already included, or information is missing. If they do not think your child needs this, they will ask the school to continue with the support at SEND Support.• After the reports have all been sent in, the Local Authority will decide if your child's needs are severe, complex and lifelong as a guide, they need 20 hours of support or more, in school to make good progress. If this is the case, they will write an EHC Plan. If this is not the case, they will ask the school to continue with the support at SEND Support and also set up a meeting in school to ensure a plan is in place to ensure your child makes as much progress as possible.• The EHC Plan will state the Banding support that your child will receive from the LA and how the support should be used and what strategies must be put in

		<p>place. It will also have long and short term outcomes for your child.</p> <ul style="list-style-type: none">• The additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child.	
How will we support your child with identified special needs starting at school?	<ul style="list-style-type: none">• We will first invite you to visit the school with your child to have a look around and speak to staff.• If other professionals are involved, a transition meeting will be held to discuss your child's needs, share strategies used and ensure provision is put in place before your child starts.• Your child's key person may make a home visit and or visit your child in their current provision. Depending on the Covid-19 restrictions at the time, information may be gathered via alternative means, such as a telephone conversation, zoom meeting.• We may suggest adaptations to the settling in period to help your child to settle more easily.• We will contact your child's previous setting to find out as much information about your child as possible to ensure the school provides all the appropriate support your child needs.• We will arrange visits to the school for your child in addition to the standard Summer Term visit by all the new children if this is thought to be beneficial.• We may take photographs of our school setting and key adults for you to share with your child to prepare them for starting school.• We will contact any relevant professionals already involved in your child's care to ensure all information about your child is shared with the school.		
How can I let the school know I am concerned about my child's progress in school?	<ul style="list-style-type: none">• If you have concerns about your child's progress you should speak to your child's class teacher initially.• If you are not happy that the concerns are being managed and that your child is still not making progress you should speak to the SENDCo or Headteacher.• If you are still not happy you can speak to the school SEND Governor.		
How do children with SEND engage in activities available to those without SEND?	<ul style="list-style-type: none">• All children are actively encouraged to maintain a healthy lifestyle, to participate in physical education and out-of-hours provision. The school makes reasonable adjustments to facilitate school trips.		
How will the school let me know if they have any concerns about my child's learning in school?	<ul style="list-style-type: none">• When a teacher or a parent has raised concerns about your child's progress and targeted teaching has not met the child's needs, the teacher will raise this with the SENDCo.		

	<ul style="list-style-type: none">• Schools have meetings every term between each class teacher and a senior staff member in the school to ensure all children are making good progress. This is another way your child may be identified as not making as much progress as expected.• If your child is then identified as not making progress, the school will make a decision about whether to monitor this or set up an intervention group.• If your child is still not making expected progress the school will discuss the following with you:<ul style="list-style-type: none">○ Any concerns you may have○ Any further interventions or referrals to outside professionals to support your child's learning○ How we could work together, to support your child at home/school.
How do we ensure that the views of your child (and other children with SEND in the school) are used to plan for them and for SEND within our school?	<ul style="list-style-type: none">• The school parliament provides the opportunity for pupils to voice their views. The school parliament is guided by Mr Bray.• Pupil questionnaires are sent out to the children to establish their likes and dislikes of school and their responses are used to influence planning.
What are the arrangements for handling complaints if I am dissatisfied with the SEND provision for my child?	<p>The class teacher has daily contact with your child and is the first person to speak with if there is a concern. The class teacher can be emailed via the class email address. The class teacher may not be able to respond immediately, as they will be teaching and not be able to check their emails easily. The school office can be contacted to arrange a time for a telephone conversation or meeting with the class teacher. As the class teacher will be teaching in class, he / she may not be able to call you back immediately, but will do so at the earliest opportunity. If an urgent message needs to be sent to the class teacher, please contact the school office.</p> <p>If there continues to be a concern, then a parent should contact the school office on 020 8858 4182 and request to speak with Katherine Maciejewski (SENDCo).</p> <p>If a parent would like to make a complaint, an appointment should be made to speak with the Phase Leader, member of SLT., or the Headteacher via the school office or support@stjosephs.greenwich.sch.uk. The Headteacher will do all she can to resolve the matter.</p>

	<p>If a parent remains dissatisfied in the way in which their complaint has been handled, they are able to write to the Chair of Governors. All complaints are dealt with under the terms of the Complaints Policy. A copy of this can be found on the school website.</p> <p>Under The Children and Families Act 2014 and the Special Educational Needs and Disability Regulations 2014 parents may seek advice on resolving a disagreement about an EHCP with the Local Authority through the Disagreement Resolution Service or Mediation Service. Parents should contact the Local Authority for information about this process. The SEN team can be contacted on 020 8921 8029 or emailed: special-needs@royalgreenwich.gov.uk.</p> <p>Information on Greenwich Local Offer complaints procedure can be found at: https://www.greenwichcommunitydirectory.org.uk/kb5/greenwich/directory/advice.page?id=POQDVQ6V5nc</p> <p>Parents are also able to contact the SENDIASS service (formerly Parent Partnership) on 020 8921 8042 for impartial advice.</p>
